It is acknowledged by many prominent physicians to be the most redinble preparation-ever incoduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Ortony, Whooping Cough, Influenza, Asthma, Codds, Sore Throat, Pains or Soreuess in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldon fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Group, Whooping Cough, Inductiza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause bohind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of the testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most retable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, snuctioned by the experience of over forty years. When resorted to in season it self-endom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Cronp, Whooping Cough, Indiana, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleaness the lungs, and allays irritation, thus removing the cause of the complaint.
